

## Mobile Workstations & Trolleys

Spaceguard manufacture mobile workstations & trolleys ideal to compliment any production or hand assembly line.

We can offer both louvre and tool rack trolleys, both available in single or double sided variants ranging from single panels up to 2m square. Our workstations are heavy duty and robust with a plywood top as standard and can be further modified to suit. All our mobile products include a set of swivel lockable castors as standard.

### Features

- Fully welded and robust mobile products which are ready for immediate use.
